

## FRIDAY • DYDD GWENER 27-03-26

### 14:00 The Cathedral and the River

#### A special tour

The Cathedral is where it is because of the river. We'll consider what this meant in the 6th Century when Dewi Sant was here, in the 12th century when the Cathedral was built, and to us now. Followed by a visit to the historic Cathedral Library to see some of the records and photographs of this river location over the years. Please note: access to the library is via stone steps – not suitable for those with limited mobility. Meet, ready for a 14:00 start, on the lawns between the Cathedral West Front and the Afon Alun bridge.

**Venue: St Davids Cathedral**

£5. Booking essential: [bookwhen.com/stdavidscathedrallibrary](http://bookwhen.com/stdavidscathedrallibrary)

### 18:30 Pews at Ten Play, followed by 'meet the actors' social.

We proudly present this comedic, farcical story of friendship and respect. Three elderly Welsh women take their usual spot on the front pew of St Davids Cathedral. Pillars of the community, trusted with the most important events and celebrations, they learn of a very special guest arriving in the City and their world turns on its head! Performed at *Theatr Gwaun* in November 2025, and now the *Edinburgh Fringe* 2026 awaits! Written by and starring **Nia Brooks**, past pupil of Ysgol Penrhyn Dewi and chorister of St Davids Cathedral, graduate from the *East 15 Acting School*.

**Venue: St Davids City Hall (wine and cheese available).**

£10. Book on Eventbrite, tickets on the door if available.

## SATURDAY • DYDD SADWRN 28-03-26

### 10:00 Flowing Rivers, Flourishing Future

Refreshments available

Panel discussion with audience Q&A. Once-rich eco systems and treasured community assets, the worry is that rivers are now facing persistent pollution. Come and hear from statutory bodies and people living off the land about how they are working to improve the state of our rivers and champion their importance and management in order to improve and maintain their health.

**Chris Sayner**

Chair, with:

**Jessica McQuade**

Project Manager, Pembrokeshire Wholescape. WWF.

**Elinor Lewis**

### 14:00 Afon: Community River Sculpture

#### Exhibition and Activity

Come and add to the river sculpture created by the community over the last month in the St Davids Room, Oriel y Parc. Materials are available. This is a culmination of community workshops and previous local river projects with partners: *The Cleddau Project*, *Save the Teifi*, *Llais yr Afon* and *Câr-y-Môr*. What do rivers mean to you? Add your own thoughts and art!

**Venue: Oriel y Parc (St Davids Room)**

**FREE and family friendly**

### 19:00 Coastal Voices

#### Film, followed by music and stories by Glas Captains

We are proud to show a special short film made by the *Scottish Association for Marine Science*, featuring local people sharing their perspectives on our community impacted by, or involved in, life on the coast. You will more than likely know someone in the film! **Chant and Jebbers** will perform music specially written to accompany it. After the film, three-piece band **Glas Captains** will sing and tell stories on all things 'in or on, through, around or under' the waters of their beloved Pembrokeshire and beyond. The deep reflective lyrics are carried by warm piano melodies and lifted by soaring, ethereal guitar solos. A heartfelt nod to the past and a hopeful look to the future.

**Venue: Tŵr y Felin**

£8. Booking essential on Eventbrite, tickets on door (if capacity).
